ADULT LEARNING

E3 Speaking and Listening: Helping charities

Talk with somebody about helping charities.

Speak about the different ways there are for helping charities and about any experience you have of doing this.

Prompt questions to help you:

What kind of charities do you know?

Have you ever helped a charity? If so what did you do?

In the future, what ways would you like to help or be involved with charities?

There are charities for many different things. Which do you think are the most important?
